She is now at the park every day, meeting people and this dedication to the well-being of her dog has been highly beneficial for her both emotionally and mentally.
- 4) Public Comment None

5) Approval of Minutes:

- a) May 23, 2022 Regular Meeting Under "11.a. Report from the Executive Director", the third sentence should read "He also reported that the Grey Muzzle grant (for \$3400) was approved which would provide medical care for senior animals." Leslie made a motion, seconded by Brian, to approve the minutes as amended. Motion passed with unanimous consent.
- b) June 6, 2022, E-vote on Purchase of Vet Clinic Equipment Lynn read the following for official inclusion in the minutes... "On 6/6/22 at 10:09 p.m., Reva Laituri, UPAWS Board President, e-mailed all members of the Board of Directors RE: the recommendation of the Executive Director to conduct an e-vote regarding the purchase of veterinarian equipment from Covetrus. - 6) Unfinished Business: None
- 7) New Business:

- a) Recommendation from the Personnel Committee RE: Employee Assistance Plan Benefit Lynn requested an edit to reflect that the "majority" of the Personnel Committee was recommending the action of this recommendation. A discussion of EAP benefits ensued. Leslie made a motion, seconded by Colleen to refer further investigation of EAP options to Bill for a full report and recommendation at the next regular board meeting. Motion passed with unanimous consent.
- b) Report & Recommendation from the Board Development Committee RE: Appointment of Hailey Dexter-Kimball to the Board of Directors – ITEM MOVED TO BE DISCUSSED PRIOR TO "#12. COMMITTEE REPORTS".
- c) Inflation Bonus for Staff After a discussion today with Bill, Chris proposed an inflation bonus for staff, due to rising prices. It was also noted that this extra pay would also be useful for employee retention. After discussion, the proposed amounts and other details are included in the following motion Colleen made a motion, seconded by Leslie, to approve a one-time inflationary bonus for current UPAWS employees of \$50/mo. for part-time employees for the months of Jan-June 2022 and 100/mo. for full time employees for the months of Jan-June 2022; this would only apply to current employees as of 6/30/22. This one-time bonus would be made with the 7/15/22 payroll for a total amount of \$6,650. Motion passed with unanimous consent.
- 8) Communications: Colleen reported that Detroit Animal Control (DAC) is now closed to a parvo outbreak. She forwarded the letter from Michigan Pet Alliance for board information. She also wanted to pass along to UPAWS the personal thanks and appreciation of Matt Weise; his wife's cat got out over the weekend and was found and returned home. She also noted that there have been a few social media posts regarding police department(s) telling community members who find an animal to bring it out to the shelter and put it in a cage. Bill will reach out to law enforcement in the county to clarify our policy. Chris reported that he received many positive and supportive comments from people who attended Fun Daze in Gwinn.
- 9) President's Report: None
- 10) <u>Treasurer's Report</u>: Colleen noted that the heading of the Treasurer's Report needed to be corrected to "May 2022 Financials". It was noted that only one person is using the "simple plan" with a 3% match from UPAWS. Chris and Finance Committee will look into it. It was also noted that "Repairs and Maintenance" expense is still high due to the charges from Swick. The Finance Committee will consider possible changes for next year's budget for this line-item. Leslie noted a correction of the word "revenue" on the report. She also said that a revised fundraising budget will be given to Finance Committee for their review. Chris stated that our 6-month review will happen in July, hopefully; if not July, it will be August. *Motion was made by Lynn, seconded by Leslie, to approve the submitted financials as amended. Motion passed with unanimous consent.*

11) Shelter Operations Report(s):

a) Report from the Executive Director – Bill reported that there have been no deaths for the last 2 weeks and none of felines have any symptoms. He cautioned that we need to be patient a little bit longer. Bill said that Laura has done a great job through this whole process. He noted that we are close to our capacity for dogs as we continue to get shelters from outside area referring people to UPAWS. Colleen suggested Animal Inn as a possible "overflow" facility; Colleen will send Bill contact info for Tracy Horn, the owner. There hasn't been any negative publicity regarding the ill cats but the messaging has to change as well as how it's being said. The message of "UPAWS doesn't take cats" should be "We are your resource". Colleen stated that she would like to have the references cited within the Panleukopenia Virus Protocols. Bill reported that in a recent email he discovered that Wim is listed as registered agent for our Articles of Incorporation with his (Wim's office) mailing address. The Risk Management review has been posted on the drive under "Shelter Operations/Property". Bill is also investigating the purchase/donation of a grill for the shelter. The highway sign is installed and

looks great, but he needs to cut some trees down to make it more visible. James Goriesky is going to install a flower bed around the base of sign. The children of the main guidance counselor at MSHS were in Pet Patrol. He came to the last session and was very impressed. He also asked if we could structure a similar program/patrol for high school students. Bill will discuss it with him this month. Bill relayed the information that "stop the 77.com" website is a good resource for dog bite prevention.

- b) Volunteer/Community Outreach Report Written report submitted.
- c) <u>Stats</u> Submitted.
- 12) Report & Recommendation from the Board Development Committee RE: Appointment of Hailey Dexter-Kimball to the Board of Directors (MOVED FROM 7B, ABOVE) At this point, Hailey left the meeting. After voting with secret ballot, Linda and Kathi (Board Development Committee members) reported that the appointment recommendation was unanimous. Colleen will notify Hailey of her appointment and will take care of housekeeping duties.

13) Committee Reports:

- a) <u>Board Development Committee Report</u> Written reported submitted. Colleen added that we have 4 individuals pending.
- b) <u>Finance Committee Report</u> Written reported submitted. In the minutes, Colleen noticed that a staff member seconded the motion to approve the Financial Reports. Due to a potential conflict of interest, Colleen believes that staff should not be voting on a motion. Chris will check with auditors as to proper financial policies. Financial policy revisions and documentation were mentioned; Chris stipulated that they are having ongoing discussions as to completion of this process.
- c) Fundraising Committee Report Written reported submitted.
- d) <u>Strategic Planning Committee Report</u> Committee did not meet.
- e) Personnel Committee Report Committee did not meet.
- f) Policy / Bylaw Committee Report Committee did not meet.
- g) <u>Donor Development (Ad Hoc)</u> Committee did not meet.
- 14) <u>Public Comment:</u> It was reported that the volunteer at AMC helping with our cats housed there is only 14 years old. The question was raised if she should sign paperwork/youth requirement for UPAWS. It was determined that she is a volunteer at AMC, not at UPAWS so our paperwork is not necessary.
- 15) <u>Board Comment:</u> Brian thanked Colleen and Board Development Committee for bringing Hailey to the attention of the board. Colleen raised the issue of using the "official" names of rooms/buildings in our public material which would include the donors' names. It was decided that we need names posted so we can properly reference the various areas. Per Bill, the "Name a Beer" event at Cognition night was great, thanks to Amber.
- 16) <u>Adjournment</u>: Motion was made by Colleen, seconded by Brian, to adjourn the meeting. Motion passed with unanimous consent and meeting was adjourned at 7:57 p.m.

Respectfully submitted,	Counter-Signed		
Lynn Andronis, Secretary	Reva Laituri, President

REPORT AND RECOMMENDATION

UPPER PENINSULA ANIMAL WELFARE SHELTER BOARD OF DIRECTORS July 25th, 2022

RECOMMENDATION:

The recommendation is for UPAWS to pay for the services of ESI Employee Assistance Group. The yearly total would be \$2,500 and the funds would be coming from line item 5250 from the approved budget.

RATIONALE:

Working for a social service/nonprofit can be physically, emotionally, and financially draining. Offering an employee assistance program would be very beneficial for the staff and would show that the organization cares for their employees. ESI can provide mental health counseling, an impressive clinical network, coaching and assisting with work-life balance, financial management coaching and resources, and access to 25,000 self-help resources. After researching six different employee assistance programs (ESI, North Star, Pine Rest, Spring Health, Compassion Balance, and Mazzeli Insurance) ESI was chosen based on overall services, price, and customer service. Funds for these services are budgeted and available.

Respectfully submitted,

Bill Brutto

Executive Director, UPAWS

Your employees are your organization's number one asset.

Employee wellbeing, engagement and productivity are your top challenges.

In today's highly complex and challenging workplace, employers can't afford yesterday's solutions to employee problems. ESI has redefined the Employee Assistance Program (EAP) to meet the needs of today's workplace and to address the challenges facing today's employers: building and retaining a productive, engaged, healthy workforce.

ESI does this by providing the most extensive menu of benefits available, far beyond the services provided by a traditional EAP. We deliver better results and higher satisfaction rates than any other EAP. Today's employees need more if they are to be as engaged and as productive as possible.

ESI is the only EAP to provide solutions to address the wide range of workforce challenges that every HR executive faces.

- Employee Productivity: Each year, your employees lose an average of 3 weeks of productivity due
 to personal problems. That adds up to more than \$300,000 of lost productivity per 100 employees
 per year. Solution: Employee Assistance Benefits with more services and benefits than any other
 EAP.
- Employee Engagement: A recent Gallup study indicates that only about a third of U.S. workers are fully engaged at work. Among the two-thirds who are not fully engaged, there is an estimated per employee productivity loss of four weeks, or about \$4000 per employee per year. Solution: Peak Performance Coaching and Training Benefits.
- Employee Health: Poor employee health habits result in lost time and direct health costs. Poor
 diet, lack of exercise, smoking and substance abuse are the primary drains. Solution: Wellness
 Coaching with Certified Wellness Coaches and Clinicians.
- Employee Learning and Development: Training is costly, but employers who do not promote learning and employee development miss an opportunity to improve personal and professional performance and maximize retention. Solution: Peak Performance Coaching & Training Benefits.

In the following proposal, we will provide details on the tools and solutions to address each of these four challenges.

About ESI

ESI Employee Assistance Group has been delivering EAP services since 1987. We currently administer the EAP benefit for 2,100 organizations and over 1,500,000 Members throughout the US, Canada and the Caribbean. In 2021, ESI became an independently operated subsidiary of Medical Mutual of Ohio.

Productivity Solution: Employee Assistance

ESI Delivers More Benefits and Better Results than any other EAP.

With employees losing an average of over 3 weeks of productivity each year, addressing productivity losses is critical. With the current average salary at \$53,490 per year, or \$1,028 per week, lost productivity can cost over \$3000 per employee, per year!

Our entire focus is on providing the most comprehensive benefits to make the largest possible impact on improving employee lives and reducing lost productivity cost. We offer more than twice the benefits of other EAPs. And we deliver three times the level of utilization of traditional EAPs.

We have conducted follow-up research among ESI members who accessed our EAP services to measure the impact of our superior benefit offering on the lost productivity per employee. The results of our study demonstrate that ESI reduces lost time at work by more than 23%.

Perhaps most important, over 98% of those who use the EAP report that they are satisfied with the experience and would use the program again. Bottom line: No other EAP offers this degree of help for employees, this level of productivity improvement or this kind of cost savings.

An employee assistance program that is not used is not useful. Utilization begins with employee awareness. A well-planned installation and continued awareness campaigns will have a direct impact on the level of awareness. ESI provides comprehensive employee orientation and communications.

We provide a session to explain the EAP benefits in a way that does not disrupt normal operations. Depending on the availability of employees and supervisors, orientations are delivered via group web conference meetings and online orientation videos for both employees and supervisors. Employee information sessions cover the following:

- Detailed description of the EAP benefit and services
- Example of how EAP can assist employees in resolving personal, family and work-related difficulties
- Description of the major EAP components: Personal and Family Counseling, Financial, Legal, Work-Life, Wellness, Dependent Care, Career Development, Information Resources, and Lifestyle Savings Benefit
- How to use the program; 24-hour availability
- In-depth explanation of confidentiality

EAP Supervisor Orientation

Supervisor involvement is essential in the integration of ESI into the workplace culture. Once these key individuals thoroughly understand the full range of services available, they can proactively refer employees before job performance is affected by personal problems. Supervisors are also educated on the most effective ways to manage employee behavior concerns once job performance is impacted. Supervisor training and online videos are an integral part of the EAP installation. Supervisor and manager training sessions include:

- The role of the EAP
- Identification of troubled employees
- Effective intervention techniques
- Conducting an administrative referral
- Return-to-work strategies
- The benefits of promoting the EAP in a positive manner

EAP Ongoing Communication

A Continued Awareness Campaign is recommended and, on a regular basis, ESI provides a wide variety of high-quality video, hardcopy and electronic materials to promote continued awareness of the program. The continued awareness campaign includes:

Unlimited **HR Consultations** are available for complex employee issues. Managers may contact our clinical staff or our certified SPHRs (Senior Professionals in Human Resources) for counsel on virtually any human resource issue. SPHRs keep up to date on various employment matters such as FMLA, ADA and Workers' Compensation.

Trauma Response

Through our **Trauma Response** services, ESI has trained counselors and other certified personnel ready to respond to the needs of your organization should your personnel experience a traumatic situation at work. Staff counselors are trained to consult and triage with management to assess employee needs during a critical situation.

Counselors include grief and trauma specialists as well as team members certified in basic and advanced critical incident stress management. Common reasons for Trauma Response services include:

- Threat of deadly force against an employee
- Workplace accident involving serious injury or death of an employee
- Workplace violence
- Witnessing a suicide or suicide attempt

Responses include on-scene deployment, telephonic counseling, educational materials and private counseling as well as group debriefings.

Administrative Referral

The Administrative Referral is a formal process to address employee policy violations and unacceptable job performance, such as repeat absenteeism, negative interpersonal interactions, substance abuse violations and performance issues that could be improved through Coaching and Training.

This process is geared to work in tandem with HR to save valuable employees. It should be used in conjunction with a progressive discipline process. When facing an employee performance problem, supervisors should consult with an EAP Clinical Counselor to determine the best approach from options that include Counseling, Coaching, and Training. This consultation should be done before referring the employee so the EAP Counselor can help structure the formal referral interview and offer guidance for necessary forms. The EAP will work closely with the referring supervisor or manager during and after the referral process, providing complete case management and corrective counseling to closure.

When presented with facts concerning their performance, most employees cooperate with the Administrative Referral. According to our records logged over 26 years, approximately **65%** of referred employees who are physically and psychologically fit for duty have made successful job recoveries.

Supervisor Resource Center

ESI provides an online **Supervisor Resource Center**. This section of our website contains copies of forms, policies, articles and other tools designed to help develop people management "best practices" and compliance-related issues. An extensive array of articles and Web resources from leading experts are also available to help you solve the everyday problems that are encountered when managing people.

Some of the key HR topics covered in the Supervisor Resource Center are:

- Recruiting, Hiring, Interviewing and Onboarding
- Maximizing Employee Engagement
- Family Medical Leave Act (FMLA)
- Workplace Violence and Harassment Prevention

Other topics in the Supervisor Resource Center include:

- Administrative Referrals - Industry Publications

- Affordable Care Act Toolbox - Mental Health Matters

- Crisis Management - News and Views

DOT Testing
 Regulatory Matters

- Employment Practices - Supervisor Consultation

- Grief and Loss - Termination Checklist

- HR Humor - Workforce Management

- HR Trends - Workers' Compensation

Drug-Free Workplace

Many organizations recognize the need for a **Drug-Free Workplace** program. Other employers that are regulated by the US Department of Transportation (DOT) are mandated to conduct drug and alcohol testing programs. ESI provides services to meet both needs.

Drug-Free Workplace online training and policy development assistance is available. In addition, there is a complete online DOT compliance resource available that includes all compliance issues and online supervisor training. Our online training curriculum was the first in the nation to be approved by DOT. There is no additional charge for these services. However, should an employee test positive for drugs or alcohol, the cost of a referral to a certified Substance Abuse Professional (SAP) is not covered.

HR Web Café

HR Web Café is ESI's workplace blog about employment issues, people matters and work trends. New posts are also compiled and emailed to key HR personnel on an ongoing basis. A sampling of popular blog postings includes:

HR Trends; The Great Resignation and what employers can do to recruit and retain good employees; How to combat Zoom fatigue and video conference burnout; FMLA Updates; Covid-19 news and resources; Your odds of an employment lawsuit – and what it would cost; HR news roundups; The risks of using Social Media in recruitment; The changing marijuana legal landscape; How laughter helps us cope; Religious discrimination and accommodation; Terminating potentially violent employees; Wellness tips and resources.

ESI Accountability

Confidentiality

Every employee who uses the ESI program does so in confidence. **Confidentiality** is always maintained except in cases where there is a legal obligation to intervene, such as in the case of child or elder abuse, a serious threat of harm to self or others, or threats of workplace violence.

Privacy is maintained for all PHI (Protected Health Information). Only those responsible for delivering, maintaining and paying for services provided have access to this PHI. No PHI will be disclosed to any third party other than those mentioned without written authorization unless required by state or federal law, or when there is a threat of harm to the Member or another.

Activity Reports

A primary way of assessing the effectiveness and value of the EAP is to track the rate and consistency of program utilization. ESI generates detailed EAP statistical **Activity Reports** on a monthly basis. These reports reflect referral statistics categorized by presenting problem and actual units of service rendered. EAP training reports include course title, employee name and date of completion. To maintain confidentiality, other EAP monthly reports are statistical in nature.

Quality Assurance Program

ESI maintains the most rigorous Quality Assurance Program in the EAP industry. Below are the key elements of our QA process.

Proprietary Network: ESI's proprietary national network of local private-practice clinicians is a key component of our Quality Assurance Program. At program inception and each renewal thereafter, our Network Analysts undertake thorough measures to match the ESI network with your organization's requirements for local providers to ensure your employees and their families have convenient access to providers located close to where they work and live. In addition to availability of a complete array of clinical expertise, we also confirm that each network provider accepts the health insurance offered by the employer. This comprehensive formula enables ESI to provide a convenient and highly personalized referral to the local counselor who is best-suited to help the Member with their specific issue—ultimately resulting in faster problem resolution for the Member.

Provider Review: Providers are continuously assessed during the case management process. Every case manager is required to identify and report any clinical practice issues. In addition, providers and facilities are evaluated continually with the help of our Member feedback and a stringent re- credentialing process timed with every license renewal. Senior counselors review the assessment forms submitted by our providers and any concerns are reviewed by a supervisor immediately.

Member Satisfaction Research: A participant survey is discretely provided to every Member who receives personalized counseling services. Member names and contact information is optional. Members rate their EAP experience and are given the opportunity to make recommendations.

Peer Review: Staff counselors monitor and critique each other to foster an open collaborative environment which emphasizes the team approach to achieve the best possible outcome.

Weekly Clinical Staff Meetings: Staff counselors and supervisors meet on a weekly basis to discuss emerging trends, best practices, case review and to receive training.

Clinical Supervision: Clinical supervisors and our Chief Clinical Officer routinely review cases. A system of random case sampling and "in the moment" reviews are conducted with staff counselors. All administrative referrals, critical incidents and high-profile cases are reviewed concurrently with supervision while the staff counselors are actively working the case.

Problem Resolution: If a service issue or concern is brought to our attention, the problem is immediately addressed by the Chief Clinical Officer who will initiate a resolution within 24 hours—usually sooner. Your account manager will ensure the highest level of response has been provided to resolve the issue.

Money Back Guarantee

Your satisfaction is our primary concern. If at any point within the first 180 days following the effective contract date you are dissatisfied with the EAP for any reason, you may cancel the contract agreement and ESI will refund all money paid up to that point, minus the specific dollar amount paid for network counseling services.

UPAWS Treasurer's Report July 2022

Activities Since Last Report:

None to report

June 2022 Financials:

The June 2022 financials are presented to the Board of Directors for approval after being reviewed and approved by the Finance Committee.

Treasurer's Notes:

Revenue:

- Adoptions only under budget slightly for the month considering that the shelter was closed to the public. Still over budget for the year.
- Government Contracts are coming in over budget due to a recent neglect case.
- Nail Clipping and Grooming under budget due to the building being closed to the public.
- Pet Care Sponsorship shows a negative amount due to a correction entry for all of 2022.
 Pet Adoption Sponsorships were accidentally being put in this account by the POS.
- Donations under budget this month but a bequest came in pushing Direct Public Support over budget.

Expense:

- Garbage came in over budget this year due to overages from Waste Management. The
 Executive Director is reviewing operational procedures related to garbage and our
 contract with Waste Management for any changes to be made.
- Miscellaneous Expense includes penalties from the IRS. This was due to an error in processing where the IRS refunded one of UPAWS liability payments but then reported that UPAWS owed money at a later date. With no success contacting the IRS by phone, Corey provided documentation to the IRS by mail and these penalties were refunded to UPAWS in July.

Respectfully Submitted, Chris Danik Treasurer

Executive Director Report

I. Animal Care and Operations

- a. Panleukopenia Virus The shelter allowed people back in the building on July 18th, 2022. The staff has done a wonderful job in cleaning and organizing the facility during the six-week public closer. We have been able to contain the virus and 27 cats were saved in the process. We have no cats in the facility that are sick currently. The public has been very supportive, and adoptions have picked up since the shelter re-opened. A big thank you to the amazing staff that worked so hard the last six weeks. To see some of the news coverage on the reopening please go to the UPAWS Facebook page.
- b. Adoption Fees Waived All dogs in the month of July have been sponsored by local donors or businesses. Through the Bissell Foundation and The Best Friends Network several weekends in the month of July adoption fees have been waived for all animals in the shelter. With the many promotions we have seen an increase in adoptions which has helped with the shelter's capacity issues.

II. Human Resources

a. ESI Employee Assistance Program – Please see the attached Report and Recommendation.

III. Business

- a. Third Party Boarding Facilities I had meetings with a few local boarding facilities on the possibility of using their businesses when we are at capacity. Unfortunately, our insurance policy does not cover any off-site locations and other sites cannot be added on as a rider.
- b. New Mailbox A new locked mailbox has been installed at the shelter as the P.O. Box transition will continue until December 31st 2022. On December 31st 2022 UPAWS will no longer have a P.O. Box.
- c. Strategic Plan The first three target group surveys were completed on June 30th, 2022. All of the data was compiled and sent to the chair of the strategic plan committee.
- **d. New Merchandise** Ann Brownell and I have selected several items for staff uniforms and for new merchandise. We will be selling hats with a graphic in which employee Ryan McLaren created. Here is that graphic –

between gross and net profit. Our donation (net profit) is closer to \$1,000 from their sponsorship. I am trying to change the expectations for the future years.

Martin Steindler – I communicated with Mr. Steindler several times at the end of 2021 and in March of 2022. I communicated the great work, progress, and needs of the shelter. Mr. Steindler kindly donated \$30,000 to go towards our medical equipment for our vet clinic, a commercial dishwasher for our food prep room, and any funds left over would go to support the highway sign.

Naming Opportunities

Naming Opportunities – Out of 58 naming opportunities, 15 are still available. One task I am working on is to update/change the name plates in front of the already existing sold spaces. For the amount of money that donors have given, I believe we need something a little bit nicer to honor their gift. I am also working on new printed materials to give to potential donors on their different naming opportunities.

Memorial Garden/Bricks – I just received the price information from Gordon Hurd on being the main vendor for the garden. In the month of July, I will be working on fulfilling past orders. I am also working on creating new printed materials to give to potential donors. One item in which I feel needs to be changed are the prices for the garden. They are just too expensive. I have had several people who have been interested in getting a memorial and once they look at the prices they are no longer interested in purchasing.

Bequest

Thomas Stankus – Mr. Stankus passed away in the fall of 2021 and UPAWS was one of four beneficiaries. I have been working with the lawyers of the Stankus estate for the last few months and UPAWS did receive a check for a little over \$52,000 on 6/28/22.

Robert Ferguson – Mr. Ferguson passed away in the fall of 2021. I am still working with the lawyers of the Ferguson estate in which we should be receiving around \$36,000.

Developing, Reestablishing, or Created Partnerships

4H of Marquette County — First session of Pet Patrol was a success with 67 children registered and many parents staying for the class. We had the opportunity to teach the children on how to take care of animals and safety tips. We also had the chance to showcase UPAWS animals. The goal is that we will be holding a version of this program at least twice a year.

Girl Scouts of Marquette County – The girls scouts helped on our global youth service day as well as were participants in Pet Patrol.

Marquette County Administration – I had the opportunity to sit down and speak with the leaders of the county about our relationship and the future of our service contract. I just received communication the other day (7/1) that they are still reviewing the contract and are setting up a meeting about the possibility of another UPAWS dog park in the county.

The Sasawin Organization – There were some frustrations from the organization on the services we were providing (or not providing) so I had a great opportunity to meet with Helen Kahn. I reassured her that UPAWS will want to continue to meet the needs of Sasawin and let her know that I will be the point person moving forward.

Community Foundation of Marquette County – I have had the opportunity to meet with the foundation twice since April. I am looking forward to continuing to work with their foundation and having them continue to support our programs.

Animal Inn – I met with Tracee Horn on 6/29 to go over a partnership with her business and UPAWS. The main goal of the relationship is if we are at capacity, we will have the opportunity to rent space from her to board our animals. Still waiting on a response from our insurance agency to make the relationship official.

Events

Global Youth Service Day – We had 48 volunteers on the UPAWS campus creating flower beds, planting flowers, planting trees, and cleaning up the campus. Everyone involved received lunch and a tour. Two families came back and adopted animals.

Public Relations

I have conducted the following in the past 3 months – 14 tv interviews, 3 print stories, 2 radio interviews, and 11 photo ops

- Review of June Financial Reports: Reviewed each of the June financial reports. Noted corrections needed are:
 - The In-Kind donations did not appear for this month
 - Items in 46000 need to be moved to the correct account. 46000 is the default revenue account for the POS.
- Quarterly Budget Review / Budget Amendments: Tabled to next month as the committee
 would like additional time to review the documents. The committee asked that the Board
 of Directors provide parameters around what they want for the budget revision. Several
 members agree that it is not typical to go back and adjust the months prior but we could
 adjust operating expenses going forward.

Old Business

- Endowment Fund Updates: The committee continued to work through the details of an
 updated agreement. Cole brought several sample documents that the committee
 reviewed. By the next meeting we will have a compiled list of what we would like to see
 in the updated document. The committee asked that the Board of Directors appoint new
 Trust Committee members that could potentially appear in Probate Court should we
 need to go that route.
- <u>Financial Policy Revisions</u>: Tabled pending continued operational discussion between Chris, Bill, and Corey.

The meeting adjourned at 7:21pm.

Next Meeting: To be scheduled by the incoming Treasurer

Respectfully submitted,

Chris Danik

Treasurer / Finance Committee Chair
