# Pet Gazette

## From the Shelter – You Make Our Spirits Bright!

*Heartfelt stories, gratitude, and happy endings from UPAWS.*

As we wrap up our 50th anniversary year, we're filled with gratitude for the love and support surrounding UPAWS. Because of you, 2025 has been a year of hope, healing, and hundreds of happy endings — from the opening of our new Veterinary Center to pets now resting in the comfort of home. Every donation, every volunteer hour, every act of kindness lights the way for second chances.

This holiday season, we celebrate the pets who've found their forever families — and the people, like you, who make it all possible.

*With heartfelt thanks,*  
**All of us at UPAWS**

## Families Found, Hearts Full ♥

*From snowy mornings to sunny days — your love made these happy endings possible.*

### 🐾 Winnie & Buck - a Family Reunion

When Audrey adopted **Winnie** last September, she had no idea she was also gaining a connection to another UPAWS alum. Months later, Audrey's friend adopted, a UPAWS dog, **Buck**—and they soon discovered the two were actually siblings! Their bond grows every time they meet and joy abounds!

Winnie was once our energetic wild child, while Buck was timid and unsure. Now they're both thriving in loving homes and share joyful "sibling play dates" full of zoomies and cuddles. Winnie helps Buck come out of his shell, and Buck gives Winnie the confidence she never had before.

### 🐾 Two Sisters, One Loving Home

**Tommy and Glorilla** arrived at UPAWS as teen sister moms. After their kittens were adopted, the two were left waiting for a home of their own. A wonderful couple chose to adopt them so they wouldn't lose each other after such a hard start.

Now renamed Jyn and Beru, they're thriving. They chase foam balls, nap on their sunny cat tree, and mix cuddles with mischief. Seeing these sisters safe, happy, and still side by side makes their update especially touching.

# From the Shelter Manager

## *A Season of Healing and New Beginnings*

As we reflect on UPAWS' 50th Anniversary year, I am filled with gratitude for the community that surrounds and supports us. This year has brought incredible growth- especially with the opening of our new UPAWS Surgery Center.

After months of planning, hard work, and incredible community support, our dream of having an on-site medical space has become a reality.

The new center allows our staff and volunteer veterinarians to perform spay/neuter surgeries and essential treatments right here in our building. And with every procedure, we're giving animals faster care, and less stress.

We're deeply grateful to everyone who helped bring this vision to life — donors, volunteers, local businesses, and longtime supporters. Your generosity made this milestone possible. Our new Surgery Center is more than a room with equipment — it's a promise to give every animal who comes through our doors the best chance at a healthy, happy life.

Thank you for being part of our journey — your support truly saves lives.

*"Every pet who finds love  
begins with someone who cared."*

## A Special Year-End Giving Opportunity

As the year wraps up, here's a meaningful way to support UPAWS while possibly lowering your taxable income. If you are required to take a Required Minimum Distribution (RMD) from your retirement account, you can donate a portion of it directly to UPAWS.

This type of gift can offer tax advantages while funding lifesaving care, medical support, and programs like our new Veterinary Center.

Talk with your financial advisor to see if this option fits your plans. Your generosity makes a lasting difference for the animals who need you most.

# Kids at UPAWS

## Meet Our Youngest Lifetime Members Ever

*Emma (6) and Gabby (9) enjoy reading to shelter cats.*

We're thrilled to introduce Emma (6) and Gabby Swanson (9) – UPAWS' newest and youngest lifetime members! These amazing girls volunteer alongside their grandmother, Crystal Swanson, a veteran volunteer and lifetime member who recently gifted them their memberships.

What do our youngest volunteers do? Emma and Gabby tackle everything from laundry and dishes to recycling pop cans and kitten socialization. Emma even has a special talent — she recites 'My Dog Bob' from memory to help cats drift off to sleep!

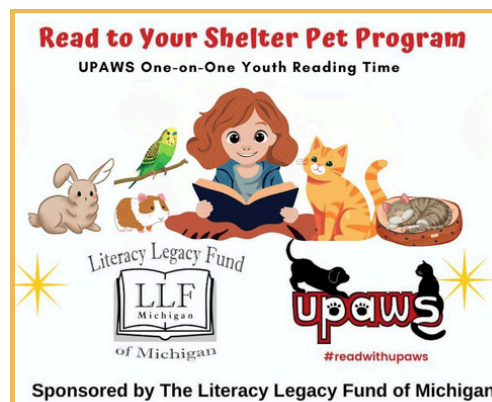

The girls live in Marquette with their parents, Wesly and Joy, plus two dogs and three cats of their own. Future veterinarian Gabby sums it up perfectly: 'More people helping animals means they can get homes faster.'

## Read to Your Shelter Pet (K–8)

A calm, confidence-building way for kids to spend quiet time with animals. This small and cozy program welcomes just a few children per session (**usually the last Thursday of the month, 4:15–5:00 PM**) to read aloud to our cats and small critters.

Each child must be accompanied by a registered adult, making it a wonderful shared experience for families. It's especially meaningful for kids who enjoy gentle, one-on-one moments — helping them relax, build confidence, and connect with animals in a kind and caring way

Learn more or register at [upaws.org/read-to-your-shelter-pet](https://upaws.org/read-to-your-shelter-pet). You can also find our next session on **Facebook**.

## Read with UPAWS: Virtual Video Reading Program

Can't make it to the shelter? You can still join the fun from your home! Our **"Read with UPAWS"** Virtual Program features over 20 storybook videos about pets, kindness, and animal care — perfect for home or classroom.

 Presented by UPAWS and sponsored by the *Literacy Legacy Fund of Michigan*. Watch now at [upaws.org/kids-resources](https://upaws.org/kids-resources).

 **For Teachers:** Invite a UPAWS Educational Volunteer to your classroom to share information about UPAWS, animal care, and the importance of kindness. ✉ Email: [volunteer@upaws.org](mailto:volunteer@upaws.org)

 **Looking Ahead:** More youth and family programs coming in 2026 — stay tuned at [upaws.org](https://upaws.org)!

 *Note: Volunteers in-shelter must be 18+, but young animal lovers—like Emma and Gabby—can still help through Read to Your Shelter Pet and family-friendly UPAWS programs.*

# Wisp's Second Chance at Life

*From critical condition to bright, fierce, and full of life.*

When Wisp arrived at UPAWS, she was barely more than a shadow of a cat — **severely hypothermic, dangerously underweight at just over 3 pounds, and fighting a heavy parasite load.** She was so weak that the staff weren't sure she would survive her first night.

Our vet tech, Meghan, placed an IV catheter and began warmed fluids immediately — **Meghan brought Wisp home to provide round-the-clock care,** keeping her temperature stable, continuing her fluid therapy, and monitoring every small change. Those first hours were frightening. Every breath felt like a question mark.

For several days, it was touch-and-go. But Wisp fought. Slowly, she lifted her head. Then she stood. Then she demanded attention with a raspy little meow.

*Healthy, bright-eyed, & full of life — Wisp is proof of what compassion can do.*

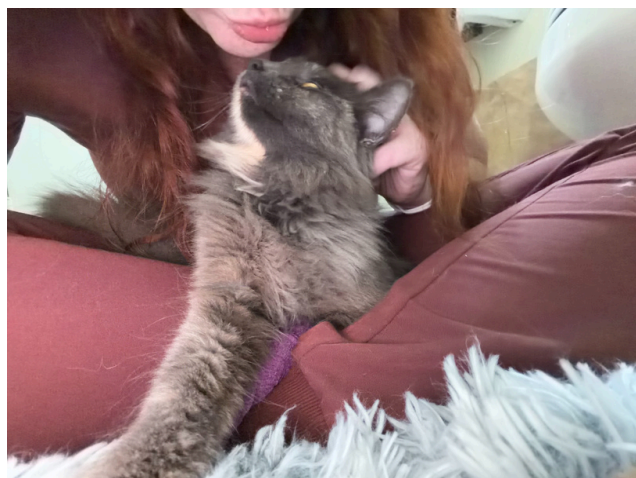

After several weeks of warmth, nutrition, and dedicated medical care, Wisp transformed.

Today, she weighs 4.5 pounds, is bright-eyed, spirited, affectionate, and absolutely full of life. She's a total spitfire — and a living reminder of what love, skill, and second chances can do.

**Because of your support,** animals like Wisp get the urgent care they need — and the beautiful futures they deserve. **Your compassion turns fear into hope — and hope into healing.**

**Wisp is here today because compassion saves lives.**

*One tiny heartbeat at a time.*

*UPAWS vet. tech Meghan provided round-the-clock care, taking Wisp home for intensive monitoring.*

*Wisp on arrival — so small, so cold, so scared, and trying her hardest to survive.*

# The Rainbow Bridge of Love

*For many of us, pets leave the deepest pawprints on our hearts. The new Rainbow Bridge of Love at UPAWS offers a peaceful place to honor those beloved companions. Each visit, each memory, and each name shared here becomes part of a living tribute — a reminder that love endures long after our pets have crossed the bridge.*

## Honor a Pet with a Rainbow Bridge Tag

Families can now choose to honor a beloved pet by placing a memorial tag directly on the Rainbow Bridge. **These beautifully crafted Red Dingo tags** are engraved with your pet's name and become part of a shared tribute — hanging gently among other cherished companions.

Tags may be purchased in memory of a pet, as a gift of remembrance, or to honor a friend's pet who has crossed the bridge. Each tag helps support UPAWS and continues a legacy of love. Tags can be added to the Rainbow Bridge all year long.

Rainbow Bridge tags honor the pets who shaped our lives and still hold a place in our hearts.

*The Rainbow Bridge of Love was generously donated by Stephen and Sarah LaCrosse and Tom and Amy Van Ess in loving memory of Dusty, Buddy, Sophie, Stanley, Zoe and Cinder.*

Memorials may honor pets, people, or special moments.

*Installed seasonally as weather allows.*

# Remember, Honor, and Celebrate

Every tribute gift to UPAWS carries a story — a beloved pet, a dear friend, or a family member who touched someone's heart. These gifts do more than honor a life; they also provide comfort, safety, and second chances for animals who need them most.

Many supporters choose to remember or celebrate someone special through a memorial donation, while others create a lasting tribute in our Memorial Garden with a brick, black granite tile, or pet tag. Each gesture, big or small, becomes part of the lifesaving work happening at UPAWS every day.

## ***Love remembered becomes love that saves.***
